# Call for Proposals NTFAQ 2021

The National Tribal Forum on Air Quality (NTFAQ) brings together environmental professionals from Tribes, U.S. EPA, and other agencies and organizations to **DISCUSS** current policy initiatives, **EXPLORE** up-to-date technology solutions, and **SHARE** practical knowledge and experiences from tribal air quality programs nationwide.

The NTFAQ planning committee is actively seeking proposals for presentations. Please click on this [LINK](#) for more information and instructions to submit a proposal abstract. **Deadline for submissions is February 10, 2021.**

The Forum is open to attendees from across Indian Country, as well as U.S. EPA and other local and national partners working to improve human health and the environment.

## PREVIOUS FORUM SESSIONS & TOPICS

- Case Studies of Tribal Air Programs
- Air Monitoring Technology
- Indoor Air Quality Studies
- Community Outreach & Engagement
- Air Quality Policy & Regulations
