

## **TLEF Site Tour of New Bedford Harbor Superfund Site August 12, 2016/Monday**

**The field trip will depart from the lobby at 8:00 am and return at 5:00 pm.** Please arrive early as the bus will not wait. Todd Barnell will be in the lobby directing you to the doors your bus will be departing from. If you don't know Todd, look for the gentleman holding the blue sign that says "Tribal Land and Environment Forum Field Trips." Your field trip host will be Anne Dailey, Office of Superfund Remediation and Technology Innovation, USEPA. Please check in with Anne before boarding the bus so we can be sure to get an accurate head count and we don't leave anyone behind 😊

Some information about the field trip:

- You will need to fill out the attached waiver from Northern Arizona University to attend this field trip. This is a new requirement of the University and you need to fill out one of these forms for each field trip you are on. Please turn it into your field trip host before boarding the bus.
- **Please wear sturdy closed toed shoes for this field trip and be prepared for some walking.**
- **Please bring water, snacks, and a lunch with you on this trip as there will not a place to purchase anything.**
- Check the weather and be prepared.

**ADDITIONAL INFO FOR TOUR GUIDES:**

The address of the **New Bedford Harbor Site Dewatering Facility** where we will start the tour and be giving our presentations at 10:00 am:

**40 Hervey Tichon Avenue  
New Bedford, MA 02740**

The large white facility is at the corner of Herman Melville Boulevard and Hervey Tichon Ave.

Take Hervey Tishon Avenue off of Herman Melville Boulevard (left/right dependent on which way you come) and the large black gate will be on the left and open. There is plenty of room to park a bus. We will be there to greet you.
