## Gila River Indian Community Waste Team Strategic Planning 2011

## **Waste Team's Mission:**

To protect and enhance human health and the environment by implementing effective solid and hazardous waste programs by ensuring compliance with pertinent regulations and providing outreach and educational opportunities.

Strengths	Weaknesses
Commitment	<u>Communication</u>
Council approve Solid Waste Ordinance	Collaboration
Expertise	Organization
Professional	Education/outreach
Good team work	Solid Waste
Able to adapt to new priorities, ideas and	Funding issues
technologies	Need more staff
Experienced	Unclear priorities
Serve as leaders/mentors to other programs	Cheleur priorities
Caring staff members	
Knowledge of the People, the environment,	
and regulated community	
Good Manager	
Flexible	
Personalities	
Annual & On-going accomplishments	
Timidal & on going accomplishments	
<b>Opportunities</b>	Threats/Barriers
**	Threats/Barriers Misunderstanding of job
Opportunities  More outreach/education/visibility Reorganize solid waste section	
More outreach/education/visibility	Misunderstanding of job
More outreach/education/visibility Reorganize solid waste section	Misunderstanding of job duties/responsibilities/roles
More outreach/education/visibility Reorganize solid waste section Reorganize and have clear priorities and tasks	Misunderstanding of job duties/responsibilities/roles Personality conflicts (difficulty working with
More outreach/education/visibility Reorganize solid waste section Reorganize and have clear priorities and tasks (current and new projects)	Misunderstanding of job duties/responsibilities/roles Personality conflicts (difficulty working with one another)
More outreach/education/visibility Reorganize solid waste section Reorganize and have clear priorities and tasks (current and new projects) Reorganize/renewed energy and understanding of EPCRA and CTERC Complete a new ordinance	Misunderstanding of job duties/responsibilities/roles Personality conflicts (difficulty working with one another) Unwillingness to complete tasks
More outreach/education/visibility Reorganize solid waste section Reorganize and have clear priorities and tasks (current and new projects) Reorganize/renewed energy and understanding of EPCRA and CTERC Complete a new ordinance Balance projects with available staff	Misunderstanding of job duties/responsibilities/roles Personality conflicts (difficulty working with one another) Unwillingness to complete tasks Funding (decrease in tribal and EPA funds, allocation of resources and \$ for cleanup activities)
More outreach/education/visibility Reorganize solid waste section Reorganize and have clear priorities and tasks (current and new projects) Reorganize/renewed energy and understanding of EPCRA and CTERC Complete a new ordinance Balance projects with available staff Match staff and projects (grants) appropriately	Misunderstanding of job duties/responsibilities/roles Personality conflicts (difficulty working with one another) Unwillingness to complete tasks Funding (decrease in tribal and EPA funds, allocation of resources and \$ for cleanup activities) Personnel (staff shortage)
More outreach/education/visibility Reorganize solid waste section Reorganize and have clear priorities and tasks (current and new projects) Reorganize/renewed energy and understanding of EPCRA and CTERC Complete a new ordinance Balance projects with available staff Match staff and projects (grants) appropriately Increase recycling	Misunderstanding of job duties/responsibilities/roles Personality conflicts (difficulty working with one another) Unwillingness to complete tasks Funding (decrease in tribal and EPA funds, allocation of resources and \$ for cleanup activities) Personnel (staff shortage) Need inspection boilerplates and forms to be
More outreach/education/visibility Reorganize solid waste section Reorganize and have clear priorities and tasks (current and new projects) Reorganize/renewed energy and understanding of EPCRA and CTERC Complete a new ordinance Balance projects with available staff Match staff and projects (grants) appropriately Increase recycling Address illegal dumping	Misunderstanding of job duties/responsibilities/roles Personality conflicts (difficulty working with one another) Unwillingness to complete tasks Funding (decrease in tribal and EPA funds, allocation of resources and \$ for cleanup activities) Personnel (staff shortage) Need inspection boilerplates and forms to be centrally accessible to all
More outreach/education/visibility Reorganize solid waste section Reorganize and have clear priorities and tasks (current and new projects) Reorganize/renewed energy and understanding of EPCRA and CTERC Complete a new ordinance Balance projects with available staff Match staff and projects (grants) appropriately Increase recycling	Misunderstanding of job duties/responsibilities/roles Personality conflicts (difficulty working with one another) Unwillingness to complete tasks Funding (decrease in tribal and EPA funds, allocation of resources and \$ for cleanup activities) Personnel (staff shortage) Need inspection boilerplates and forms to be centrally accessible to all GRIC paperwork/governmental processes
More outreach/education/visibility Reorganize solid waste section Reorganize and have clear priorities and tasks (current and new projects) Reorganize/renewed energy and understanding of EPCRA and CTERC Complete a new ordinance Balance projects with available staff Match staff and projects (grants) appropriately Increase recycling Address illegal dumping	Misunderstanding of job duties/responsibilities/roles Personality conflicts (difficulty working with one another) Unwillingness to complete tasks Funding (decrease in tribal and EPA funds, allocation of resources and \$ for cleanup activities) Personnel (staff shortage) Need inspection boilerplates and forms to be centrally accessible to all GRIC paperwork/governmental processes Illegal dumping from neighboring jurisdictions
More outreach/education/visibility Reorganize solid waste section Reorganize and have clear priorities and tasks (current and new projects) Reorganize/renewed energy and understanding of EPCRA and CTERC Complete a new ordinance Balance projects with available staff Match staff and projects (grants) appropriately Increase recycling Address illegal dumping	Misunderstanding of job duties/responsibilities/roles Personality conflicts (difficulty working with one another) Unwillingness to complete tasks Funding (decrease in tribal and EPA funds, allocation of resources and \$ for cleanup activities) Personnel (staff shortage) Need inspection boilerplates and forms to be centrally accessible to all GRIC paperwork/governmental processes Illegal dumping from neighboring jurisdictions Collaboration with neighboring jurisdictions
More outreach/education/visibility Reorganize solid waste section Reorganize and have clear priorities and tasks (current and new projects) Reorganize/renewed energy and understanding of EPCRA and CTERC Complete a new ordinance Balance projects with available staff Match staff and projects (grants) appropriately Increase recycling Address illegal dumping	Misunderstanding of job duties/responsibilities/roles Personality conflicts (difficulty working with one another) Unwillingness to complete tasks Funding (decrease in tribal and EPA funds, allocation of resources and \$ for cleanup activities) Personnel (staff shortage) Need inspection boilerplates and forms to be centrally accessible to all GRIC paperwork/governmental processes Illegal dumping from neighboring jurisdictions Collaboration with neighboring jurisdictions (difficult/unwillingness)
More outreach/education/visibility Reorganize solid waste section Reorganize and have clear priorities and tasks (current and new projects) Reorganize/renewed energy and understanding of EPCRA and CTERC Complete a new ordinance Balance projects with available staff Match staff and projects (grants) appropriately Increase recycling Address illegal dumping	Misunderstanding of job duties/responsibilities/roles Personality conflicts (difficulty working with one another) Unwillingness to complete tasks Funding (decrease in tribal and EPA funds, allocation of resources and \$ for cleanup activities) Personnel (staff shortage) Need inspection boilerplates and forms to be centrally accessible to all GRIC paperwork/governmental processes Illegal dumping from neighboring jurisdictions Collaboration with neighboring jurisdictions

Educating policy makers/leaders – key to addressing political barriers

Communication issues (consistent and thorough)

Clear priorities not understood by all Implementation of regulatory ordinances and education

Lack of understanding from Federal Agencies & others regarding sovereignty, Tribal Communities, etc.

Business leasing process must ensure facilities clean up before they leave (\internal and external challenge)

## **Waste Team Goals**

Enforcement & Compliance (Regulatory development & implementation)
Education & Outreach (to Community and facilities)
Address Illegal Dumping
Implement new innovative waste handling/disposal, recycling ideas
Increase Funding and Staff
Collaboration with neighboring jurisdictions

## **Waste Team Resource Needs**

More funding
More staff
Complete the Waste Management Ordinance
More support (internal and external)
Deeper understanding of sovereignty (external)
