

Lower Duwamish Waterway Superfund: Muckleshoot and Suquamish Nations

<p><u>Case Study:</u> <u>Tribe</u> <u>Information</u></p>	<ul style="list-style-type: none"> - The Lower Duwamish Waterway Superfund Site is located in the Puget Sound, on the ancestral lands of the Muckleshoot and Suquamish Nations. The Lower Duwamish Waterway is a traditional use area of the tribes and under CERCLA there are 21 river kilometers of the waterway that are contaminated. - The Muckleshoot and the Suquamish signed a MOU (2005) to help coordinate site investigations and response actions on the tribes' ancestral lands. - NPL documents of interest may be available through ITEP's resource library.
